ties on the Cane Run farm.

If there ever was a time in the history
of the world when we were in need
of educated ministers it is now. There
are preachers in this country who are
disgrace to the ministry and should
not be allowed to get behind the sacred
desk and preach the Bible. Before a
man is permitted to practice law he
must have license. Before a man is
allowed to be a Dr. he is required to
have diploma or to have been a regular
practicing physician for at least five
years. But men who do not know
the Bible are allowed behind the sa-
cred desk and to tell the people
that to do to be saved. Many of the
so-called preachers of to day are one
hundred years behind time.

A Striking Testimonial.

Paris, Ky., Nov. 26th, 1900.

Dr. T. B. Smith:

Dear Sir: Fifteen years ago I
was severely afflicted with my
kidney and bladder. I suffered

with severe burning pains, scanti-
ness of urine, which was thick
like glue, and often as red as blood
and oh, how painful! In a word
I was in a very bad fix at the time
(met you in Falmouth, Ky., fif-
teen years ago and consulted with
you. You then guaranteed two
bottles of Smith's Kidney Tonic
to cure me. I took the two bot-
tles as directed and it cured me
and I never have been troubled
since, for which I am so grate-
ful.

Truly,
J. L. SMITH.

TROOPS LEAVING ON EVERY TRAIN

General Kuropatkin Reports the Aban-
donment of Feng Wang Cheng and
its Occupation by the Japanese.
Alexieff Injured—Togo Claims Port
Arthur is Closed.

St. Petersburg, May 9.—Two official
dispatches calculated to increase the
depression existing among all circles
in Russia have been given out. From
the point of view of the progress of
the campaign the most important is
that regarding the capture by the Ja-
panese without opposition of Feng
Wang Cheng, on May 6. The second
gives details concerning the killed,
wounded and missing among the
troops under the command of Lieuten-
ant General Zassalitch as the result
of the fighting on the Yalu, the num-
ber of which totals 2,397, officers and
men.

General Kuropatkin has forwarded
a message from Lieutenant Zassalitch,
who had been left in command of the
column retreating from Feng Wang
Cheng, which described the move-
ments of the enemy in connection with
occupation of the town. The informa-
tion caused no surprise to the officials,
who had already been advised of the
decision that no attempt would be
made to hold Feng Wang Cheng, the
superiority of the Japanese in all
fighting arms insuring a disaster simi-
lar to that at Kiu Chen Cheng. There-
fore General Zassalitch was given
strict orders that there should be no
fight of the rear guard. The Russians
left while General Kuropatkin was making
his dispositions for a big battle.

Severe Fighting Reported.

Shan Hai Kwan, May 9.—It is re-
ported here that there has been
severe fighting at Feng Wang Cheng,
in which the Japanese were victorious.
They took many prisoners. The Rus-
sians are retreating toward Hai Cheng
(32 miles east by north of New
Chwang), and are evacuating the
western side of the Liao Tung penin-
sula. On Thursday and Saturday of
last week, the Japanese landed 10,000
men at Kichau Bay, 10,000 at Poo
Chau bay and 7,000 at Pitsewo. They
occupied the towns of Wa-Fung-Tieu
and Pu-Lan-Tien and destroyed several
miles of the railroad. Heavy firing
has been heard in the direction of Kat-
Chan, where Japanese troops have
been seen recently.

General Retreat Ordered.

St. Petersburg, May 29.—It appears
that General Kuropatkin has ordered
a general retreat and no doubt in-
tends to avoid a battle until he has
sufficient forces. It is said he actually
has at his disposal not more than
150,000 men, exclusive of the garrison
at Port Arthur, which consists of
30,000 and the garrison at New-
chwang of 15,000. A general who
knows the secrets of the mobilization
is credited with saying that the last
1,000 men making up the required
500,000 will leave Kasan July 21.

Viceroy Alexieff Wounded.

New Chwang, May 9.—There is
every indication that the Russians
have decided to evacuate New
Chwang. The troops are leaving and
the forts have been dismantled. Many
natives are fleeing the city and the
Russian civilians also are leaving hur-
riedly. It is reported here that
Viceroy Alexieff was slightly wounded
before he left Port Arthur. The
viceroy barely got away from there be-
fore the Japanese closed the lines of
communication.

ROSSLYN, KY.

Togo Reports Port Arthur Closed.

Tokyo, May 9.—Vice Admiral Togo's
official recital of the latest engage-
ment off Port Arthur, which has just
been received, shows that the Japa-
nese have blocked the entrance to the
harbor. The Japanese suffered heavy
loss owing to the deadly fire of the
Russian forts. Officers and crews of
four fire ships sunk in the roadstead
are missing. The blocking of Port
Arthur was accomplished in a storm.

Disastrous Railway Wreck.

Liao Yang, May 10.—An accident to
a train from Port Arthur to Harbin
occurred May 8 near Tie Ling. Thirty
passengers were killed, and 50 injured,
and the permanent way was greatly
damaged. It is reported that a three
days' typhoon greatly retarded the
Japanese landing at Pitsewo.

Vladivostok Ships Shut Out.

London, May 10.—The Daily Tele-
graph's Seoul correspondent says: "It
is believed here that a portion of the
Russian Vladivostok squadron has
been successfully shut out and is now
in the Sea of Japan trying to evade
the Japanese."

Must Face Serious Charge.

St. Louis, May 9.—On complaint of
Inspector James R. Dunn of the United
States department of commerce
and labor, Mrs. Sophia Weinzierl was
arraigned before a United States com-
missioner on the charge of importing
girls to St. Louis from Europe, espe-
cially from Germany, for unlawful
purposes. The arrest followed the ar-
rival a week ago of 10 girls from Ger-
many. It is alleged by Dunn that they
came to St. Louis in answer to adver-
tisements in foreign papers offering
positions, with good salary, at light
housework in St. Louis.

Boys Killed by Train.

Coshocton, O. May 5.—Harry West
fall and Emmett Lewis, two school
boys, aged 12 and 8 respectively, were
killed by a train at a Panhandle rail-
road crossing in Newcomerstown.

The Whole Hog.

Whence comes the expression "to
eat the whole hog," which occupies a
prominent position in fiscal politics
asks the Liverpool Post. In one auth-
oritative work on such matters it is stated
that the phrase probably arose from
the Arabian story verified in Cooper's
"Love of the World Reproved." Mo-
hammad allowed his followers to eat
jack, except one portion of the animal,
which he did not specify, and con-
sequently strict Mohammedans were
debarred from eating any. Others, how-
ever, "thought it hard from the 'whole
hog' to be debarred," and so with
sophistry their sauce they sweeten, fill
quite from tail to snout 'tis eaten." In
an American book on political squa-
rels published in 1844, the author says,
"to go the whole hog is an American
phrase for radical reform and is
much used here by the Democratic
party to distinguish them from the
moderates, who don't profess such sweep-
ing notions and consequently go by
a part of the interesting quadrangle in
question."

"Had Had Had."

"While you're discussing these
eccentricities of the English language,"
repeated the publisher as the
Franklin Inn club the other afternoon
he sat down to his after lunch
clear, "has it ever struck you that
the word 'had' can, with perfect cor-
rectness, occur three times successively
in an ordinary English sentence?"
Well, it can. Only the other day
I came across an instance. It was
the meeting of a certain associ-
ation interested in, and there the
chairman of the committee re-
ported that the troubles which
had had had now been overcome.
"That's interesting," chimed
a literary man, "but it's nothing
possibilities of recurrence we ex-
actly get out of the word 'that' that
speaker indicated was not the
fact that gentleman intended."

City Residents Near-sighted.

"The race is growing near-sighted,
and to city life and the conditions of
city civilization," said an eye specialist,
"the greater part of the population
is becoming near-sighted. This keeps the
eye object twenty feet away
from the eye, and the eyeballs parallel,
and less will turn them in,
and the crowded conditions necessarily
have a short range of vision, which over-
works and weakens the interior mus-
cles close to the nasal cavity."

"The exterior muscles not being so
trained are strong and hence cause
the eyes to turn out. Let a person who
is thus affected spend a week or two in
the country and his eyes become nor-
mal again, because he gets greater
range of vision. Savages are generally
farsighted."—Jeweler's Circular-Week-

Gentlemen:
About two years ago I entered in the civil Engineering course in your schools in order to obtain the reference library that goes with it and it gives me pleasure to say that I value the same very highly. I have carefully examined the same and use it frequently in my work and find it a very thorough and practical discussion of all subjects pertaining to civil engineering. My judgment it constitutes a treatise better adapted to the requirements of the working engineer than anything heretofore published.

Yours truly,
A. A. C. BARRIS.

E. C. Hurst, of Elkatawa was in Jackson Monday.

Too Great A Risk
In almost every neighborhood someone has died from an attack of cholera or cholera morbus, often before medicine could be procured or a physician summoned. A reliable remedy for these diseases should be kept at hand. The risk is too great for anyone to take. Chamberlain's Colic, Cholera and Diarrhoea Remedy has undoubtedly saved the lives of more people and relieved more pain and suffering than any other medicine in use. It can always be depended upon. No Matter What Doctors Say—We Know That Heart Trouble in Many Cases Can Be Cured.

There are seven main features of heart disease, viz: (1) Weakness or Debility; (2) Rheumatism or Neuralgia; (3) Valvular Disorder; (4) Dilation; (5) Enlargement; (6) Fatty Degeneration; (7) Dropsy.

Documentary evidence will prove thousands of so-called "incurables" have been absolutely cured by Dr. Miles' New Heart Cure.

Patients often have no idea their disease is heart trouble, but ascribe it to indigestion, Liver Complaint, etc.

Here are some of the symptoms: Shortness of breath after exercise, Smothering Spells, Pain in Chest, left Shoulder and arm, Discomfort in Lying on one side, Fainting Spells, Nervous Cough, Swelling of Feet and Ankles, Paleness of Face and Lips, Palpitation, Nightmare, Irregular Pulse.

"I have great faith in Dr. Miles' New Heart Cure, and speak of its merits whenever opportunity presents. I can now go up and down stairs with ease, where three weeks ago I could hardly walk one block." One year later—"I am still in good health; the Heart Cure did so much for me, that I find it a far greater medicine than you claimed it to be." S. D. FLEENOR, JR., 697 North Pine St., Natchez, Miss.

The Drum Major.
The dignitary known as drum major was not generally recognized in the English army till the close of the reign of Charles I. Corporal punishment up to the time of William III. was executed by the provost marshal and his deputies, but afterward the drummer was entrusted with the task. Among the records of the Coldstream guards is an order that "the drum major be answerable that no cat has more than nine tails." In 1661 a drum major of the parliamentary army received 1s. 6d. pay per diem.—All the Year Round.

An Idol's Long Sleep.
In Pegu may be seen an English sentry keeping guard over a Burmese idol. The Burmese believe the idol is asleep and that when he awakes the end of the world will come. The sentry is there to prevent any one from entering the pagoda, which is his place of repose, and awakening him. His slumbers have lasted 6,000 years.

A Friendly Call.
Little Tommy—Mamma, may I go over and play with Mrs. Nixdoor's children? Mother—You have never cared to play with them. Little Tommy—But my ball went over into their yard, and they threw it back to me, and it was all sticky. I guess they've got some candy.

What They Missed.
"Did you attend the Wilson obsequies?" asked Mrs. Oldcastle. "Gracious, no," replied her hostess. "Have they had some? Why, me and Josiah was at the funeral of their cheng-mother only last week."—Chicago Record-Herald.

Wounded With Music.
Among the Yao Midos, one of the many Burmese-Tartar people, the young men woo their wives absolutely without words, but to the sound of music. On the first day of winter they have a great feast, at which all the unmarried girls gather and listen to the music made by the bachelors, who sit under the "desire tree," each playing his favorite instrument. As the maiden he loves passes him the youth plays louder and more feelingly. If the girl ignores him and passes on he knows that she will have none of him; if she steps up to him and lays a flower upon the instrument he jumps up, grasps her by the hand, taking care not to drop the flower, and they go away together.

Dogs in the Arctic.
Dogs are undoubtedly the most useful animals to the man in his polar expeditions where sledges must be dragged over the ice of the polar sea. They have the advantage also that, unlike horses and reindeer, they readily eat their fellows. Their weight is small, and they can be easily carried on light boats or on ice floes. As the Danish government has forbidden the exportation of dogs from Greenland explorers usually get their animals from western Siberia.

Wonderful Fireworks.
A manufacturer of pyrotechnics in Nagasaki, Japan, makes a rocket from which, when it explodes in the air, there flies away a large bird which resembles a homing bird in its movements. It is said that the secret of this wonderful production has been in the possession of the oldest family of the family for more than 400 years.

Wretched Postal Service.
Tailor—The postal service is in a wretched condition. Friends never receive letters. Tailor—Well, I have. During the month I sent out 180 statements of account with requests for immediate payment, and so far as I can learn more than two of my customers received their letters.—New Yorker.

Origin of Measles.
"If I understand this measles business right," says a Carthage punster, "the German measles come from germ, the French measles from Parisite, the Irish measles from Mike-robe and the black measles from Africa."—Carthage (Mo.) Press.

All the Law Allows.
Newlywed—I tell you what, old man, my wife is one woman in a thousand. Bachelor—Well, I should hope so. If she were more than one you'd be a bigamist at least.—Philadelphia Ledger.

A Choice of Words.
"You sold me that horse as free from faults. Why, it's blind."
"Blind? Well, that's not a fault—that's a cruel misfortune."

Bargain For Farmers

The New-York Tribune Farmer, a national illustrated agricultural weekly of twenty large pages, has no superior as a thoroughly practical and helpful publication for the farmer and every member of his family, and the publishers are determined to give it a circulation unequalled by any paper of its class in the United States.

Knowing that every enterprising farmer always reads his own local weekly newspaper, The New-York Tribune Farmer has made an exceedingly liberal arrangement which enables us to offer the two papers at so low a price that no farmer can afford to lose the opportunity.

The price of The New-York Tribune Farmer is \$1.00 a year and The Breathitt County News is \$1.00 a year, but both papers sent for a full year if you forward \$1.25 to the News Jackson Ky. Send your name and address to New-York Tribune Farmer, New York City and a specimen copy of that paper will be mailed to you.
